Backend Developer

Greetings , I'm a mechanical engineering graduate with an IT audit background looking for a career change towards application development. I graduated from Bogazici University 3 years ago and have been working ever since. I was always into coding from a young age. I consider myself determined and a little stubborn as a consequence.

Specialties: Python, C#, C++, Django Rest, Tensorflow, Unreal Engine 4, Unity, React js
Technologies: Tensorflow, Numpy, Matplotlib
Languages: English: Advanced, Turkish: Native
Programming resources used for self-learning: Udacity Advanced AI Nanodegree graduate, reuven m. lerner, talk python, stack overflow, pybites, gamedev.tv, datacamp, William S. Vincent books
Interests: Gaming, music(guitar), traveling
